

New Personal Online Banking Look Coming Soon!

Our Personal Online Banking will soon have a new look. All features will function the same and you will still be able to manage your accounts, pay bills, and transfer money. The only change will be the look of Online Banking. As a convenience, you will notice that you will login entering both your Access ID and Password on the colbank.com homepage.

The new online banking design will allow for easier navigation and will be more accessible using your mobile device or tablet.

If you have any questions regarding Online Banking, please contact the IT Department at 402-562-2114.

The screenshot displays the Columbus Bank and Trust Company online banking portal. The header features the bank's logo on the left and a user welcome message 'Welcome Test User' with 'Last log in: Nov 16, 2016' on the right, alongside 'Profile' and 'Log out' links. A navigation bar contains links for 'HOME', 'ACCOUNTS', 'TRANSFER', and 'BILL PAY'. The main content area is divided into three sections: 'Home', 'Accounts', and 'Bill Pay'. The 'Accounts' section shows a table with one account, 'EXECUTIVE *5555', with a 'Current balance' of '\$0.00' and a 'Recent' dropdown menu. The 'Bill Pay' section includes a 'Pay Bills' area with instructions, a 'Payment Detail' form with fields for 'Bill', 'Pay Date', 'Amount', and 'Pay From', and an 'Available Balance' of '\$0.00'. A 'Make Payment' button is located at the bottom of the 'Bill Pay' section.
